

Micro Center / Loss Prevention

Micro Center is one of the nation's leading computer and electronics retailers, offering over 35,000 products in large, well-furnished regional stores. We provide the industry's most compelling and customer-oriented shopping environment, with twelve dedicated product and service departments and the most knowledgeable staff in the business. An industry pioneer when we started in 1979 in Columbus, Ohio, we continue to be a dynamic company in a growth industry and have expanded steadily and profitably to a nationwide presence. Join our team and see why the leading consumer magazine rated Micro Center as "the best place to buy a computer!"

We are seeking a Loss Prevention Associate to promote and maintain the store's loss prevention and property protection programs.

At Micro Center we demonstrate our commitment to employees through training, career growth and a balance between personal and professional interests. We offer competitive pay, flexible schedules, an employee discount and an extensive benefits package that includes options available at group rates for both full-time and part-time associates. For a complete benefit overview and to find out more about the company and our retail locations, please visit our web site at www.microcenter.com.

Equal Opportunity Employer. Non-smoking work environment. Pre-employment criminal background and substance abuse screening.

The Loss Prevention Associate will establish, promote and maintain the store's loss prevention and property protection programs.

MAJOR RESPONSIBILITIES:

- Support store loss prevention and operational procedures.**
- Conduct internal investigations and interviews to determine causes of shrink.**
- Conduct and/or participate in store-wide operational/safety audits.**
- Utilize audit results, CCTV and other resources to identify incidents of theft and fraud.**
- Communicate with store management and Home Office Operations as needed.**
- Participate in staff and self development; educate associates and management of loss prevention procedures to achieve company loss prevention goals.**

-Perform other duties and tasks as may be assigned.

EDUCATION AND EXPERIENCE:

High school diploma or equivalent and a minimum of two years related retail experience, or equivalent combination of education and experience.
