

SAGE Systems Technologies

My name is Shari Michael. I work for SAGE Systems Technologies located in Manassas, VA. We are a government contractor with available positions in various locations across the United States. We are looking for recently retired or soon to be retired individuals for a Firearms Crime Analyst opening in your area. The ideal candidate has a minimum of 5 years of Federal firearm laws and regulations, is familiar with firearm classifications and has working knowledge of the gun tracing process. Having a law enforcement background is a plus which is why I am contacting your organization. We typically have great success with retired law enforcement officers. They generally want a flexible schedule and have the experience needed to perform the job well.

The basic duties of the Firearms Crime Analyst is to work with various law enforcement agencies to obtain and coordinate information and encourage those agencies to submit their ballistic evidence to laboratories for acquisition into the ATF's National Integrated Ballistic Information Network databases. They may also be required to gather information from police or court documents and have frequent interaction with multiple law enforcement agencies but is prohibited from conducting or assisting with any type of criminal investigations. The hourly rate of pay is \$31 and the position is for 20-40 hours per week. The candidate must be a US Citizen and be to obtain the necessary clearance.

This is not a federal position. The Analyst will work for SAGE but will report to the local ATF Point of Contact daily. Employee related issues would be reported to the SAGE Program Manager. This position does offer benefits – paid time off, holidays, an indemnity plan for medical and dental visits, life insurance, disability insurance and 401k.

If you are interested in applying, reading the Job Description or finding out more information please visit our website, www.sagealaska.com.
