

## **CITY JOB WITH BENEFITS**

**This letter is to extend an opportunity for a full-time position in my office as Assistant to the Alderman.**

**The role requires candidates to be residents of the City of Chicago, preferably college-educated, and possess clerical experience. As a former first responder, I want to extend this opportunity to retiring police officers, firefighters, and paramedics who may be interested in continuing to serve the city in a different capacity while still receiving benefits.**

**Additionally, I am happy to give preference to family members of first responders who are seeking employment with the City of Chicago and value the convenience of working close to home.**

**If you or someone you know is interested in this position, please contact my office to schedule an interview. (773) 853-0799 or [ward45@cityofchicago.org](mailto:ward45@cityofchicago.org)**

**Thank you for your consideration, and service to our city.**

**Proudly Serving,**

**Alderman Jim Gardiner**
